

The platform that connects generations and organisations to work together against loneliness.

ALTO Newsletter – Q2 2026

Many organisations. One movement.
Working together against loneliness.

More connections, more hope, more human connection. ♥

ALTO continues to grow with more **Seniors** and **Companions** joining the community. We remain committed to reducing loneliness through meaningful human connection.

BrightBond reached 11,000 subscribers, published 11 episodes and generated **more than 1.5M impressions**. Guests aged 26 to 92 joined us — from students to best-selling authors.

Two **live webcasts** were organized to help users learn how to use ALTO. Tutorial videos remain available on our website. Let us know by email if you would like additional webcast sessions.

Users can now create both a **Senior** and **Companion** account using two different email addresses. Our Q&A section has also been expanded while keeping the app simple and user-friendly.

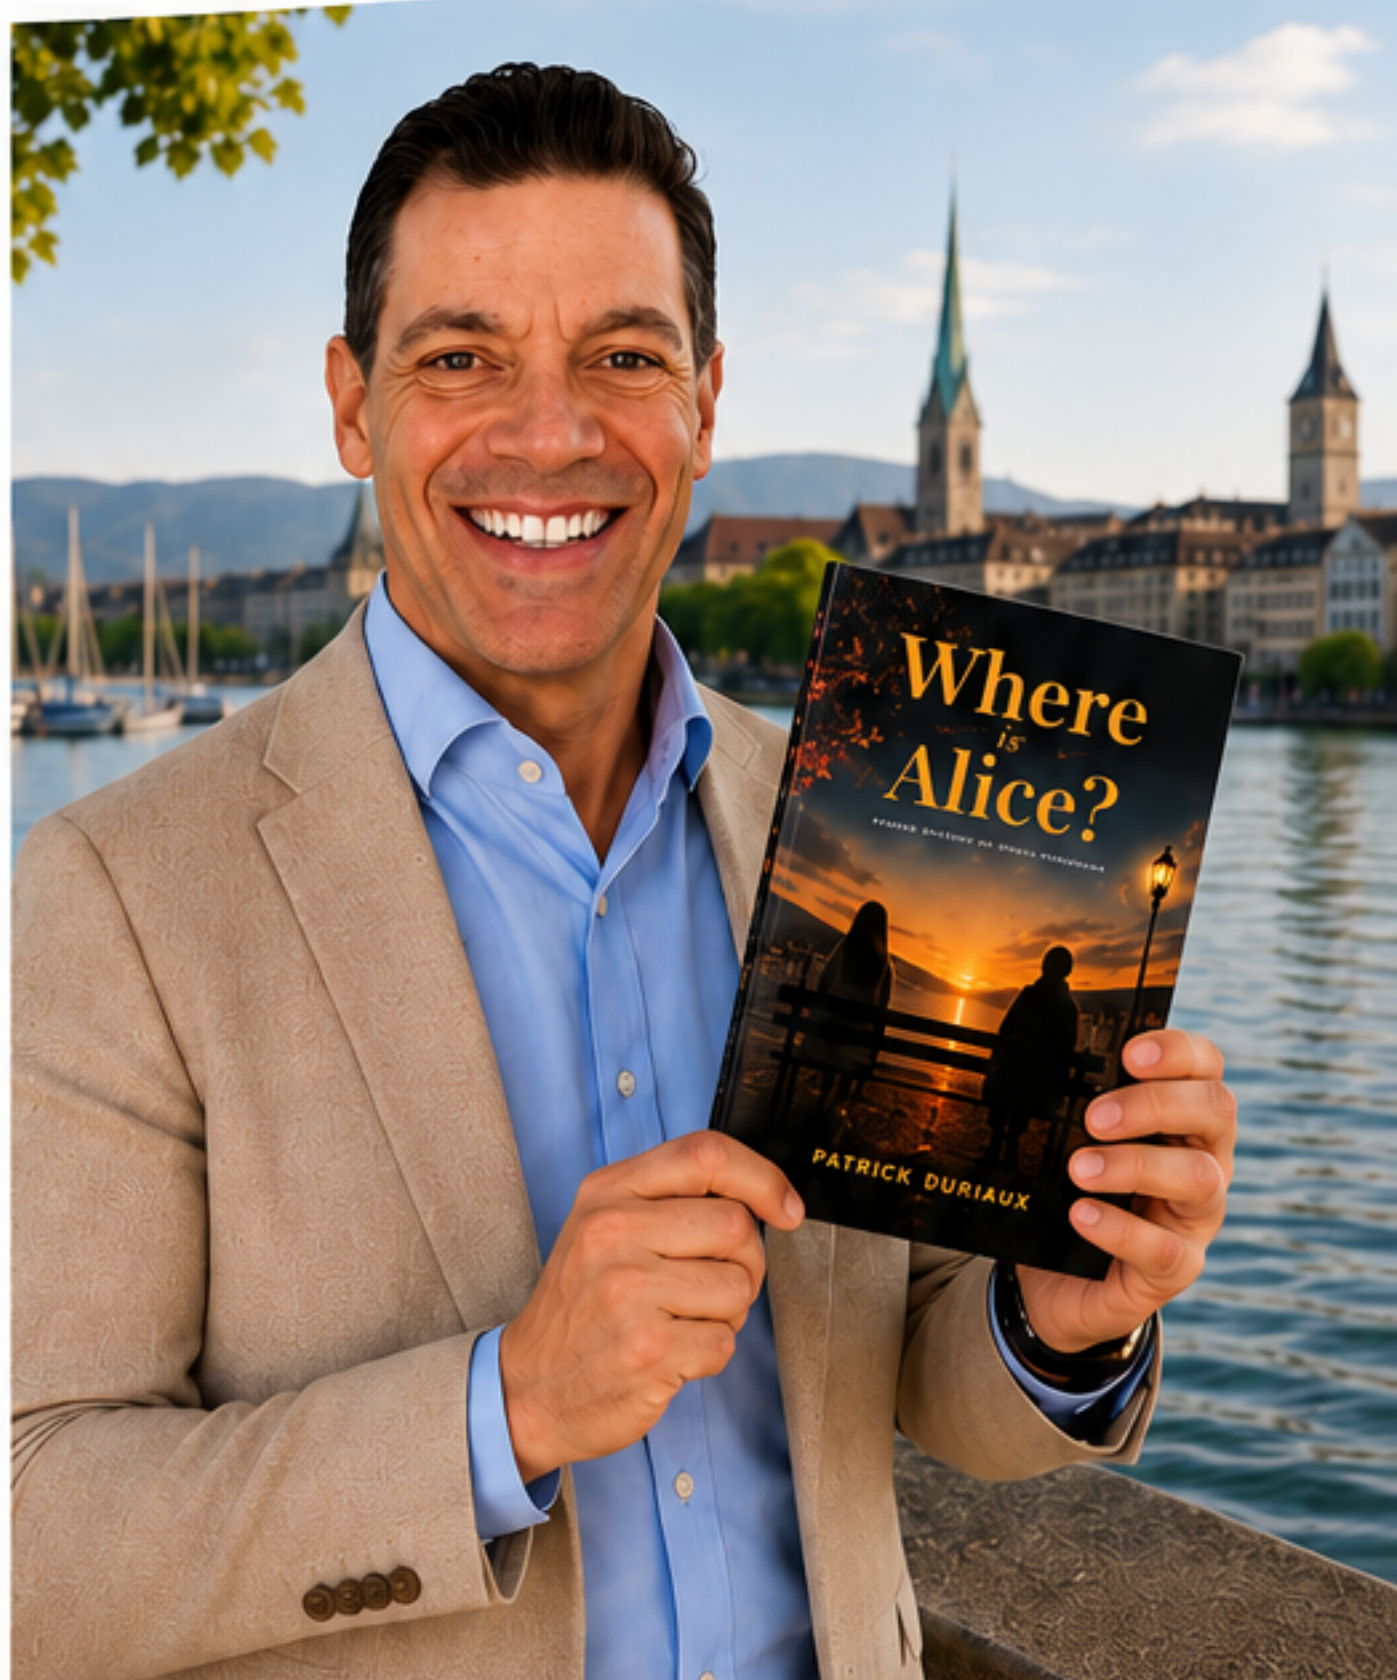

ALTO is available in **Switzerland**, **Germany**, and the **United States**. We are also in discussion with several organizations that share our vision of reducing loneliness.

Many organizations. One movement. Endless connections.

Thank you for being part of the journey. **Enjoy the summer**, share ALTO with others, and help us welcome more companions and seniors into the community.

BOOK LAUNCH

Where Is Alice?

A Book on Hope and Re-Humanization

Available on Amazon in **eBook, paperback, and hardcover**. Buy it via the same QR code below.

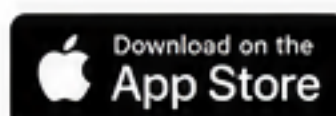

German and French translations are in progress.

Join the movement!

Scan the QR code to download ALTO, buy the book, and watch BrightBond.
